#### Narrative

Include: Investigation Notes, Evidence, Property Missing, Property Found, Damage, Pending Actions, Administrative Actions, Follow-up.

At 01:16 on July 18, 2014 a subject was spotted walking in the area of the Transamerica Pyramid and examining the vicinity, cameras and possible places to hide or stash items.

The subject left a small dark trash type bag and a coat and a drink in a disposable cup planter near the intersection of Montgomery Street and Clay Street. The subject then wandered around the area for some time, out of site of the coat and bag for at least ten minutes.

The subject was carrying a dark, possibly green, quilted coat.

The subject retrieved the items after wandering up the Heller Manus ramp, spotting security cameras and returning to the planter box. The subject left southbound on Montgomery Street from Clay Street at about 01:30.

At 03:13 the subject was seen a second time wearing the baseball cap and a dark coat. The coat was open very far down with the same amount of chest exposed. The white shirt was not evident. The subject was wearing the backpack. The subject loitered outside a Redwood Park near the Outbound Ramp on Clay Street for about five minutes. The subject then met with a person for a couple of those minutes and then they went their separate ways. The subject was last seen.

The subject is described as a mixed race male, 25 years old, bald except for a short Mohawk haircut, a chinstrap beard, small moustache and very fit. The subject had a muscled upper body and moved like an athlete. The subject was about 6', 185 lbs.

The subject was wearing a white collared shirt, open to the fifth button and exposing his chest. Brown pants, tennis shoes with 1" wide white soles coming up the side of the shoes, a dark backpack, and wearing a baseball cap attached to his belt. The cap had

shield shaped symbol on the front of it. The subject was smoking the second time he up.

The subject moved throughout the area, up and down Clay Street, Sansome Street, Alley and the perimeter of the Transamerica Pyramid. A security officer contacted the subject briefly and stated that the subject did not appear to be intoxicated, mentally ill or hostile. The subject declined to tell the officer what he was doing. The behavior was not unusual for any person who is seen in the area on Graveyard shift. The subject has not been seen in the area before.

For much of the period the subject was observed in the area, he was holding his right hand at the level of his navel, inside his shirt, which was untucked.
